

Cost Effective Video Laryngoscopy

GlideScope® Video Baton QC Large is a reusable video baton designed for use with GlideScope® Core™ and GlideScope® Go™ 2 video monitors, and features magnetic QuickConnect™ technology.

Evolved

Magnetic QuickConnect™ technology at the connector enables improved workflow and fast video cable connectivity.

Usable

Video Baton QC Large is designed with an updated flange¹ for easier grip during GVL® Stat disconnection and disposal and incorporates our Reveal™ anti-fog mechanism to resist lens fogging.

Cost-effective

Video Baton QC Large uses the same cost-effective, single-use GVL Stats you may already be using. Our GVL Stats help with infection control initiatives, potentially lowering the cost of hospital readmissions.

1. Compared to AVL Video Baton 3-4

Video Baton QC Large Is Compatible with These Products

GlideScope Core 15

GlideScope Core 10

GlideScope Core QuickConnect Cable

GVL 3 Stat

GVL 4 Stat
